

WCCSC race organizing committee

Organizing races is another part of our mandate. Races can be a great way to discover new trails, challenge yourself or bring the community together around a fun event. The success of these events depends on the hard work of many volunteers.

WCCSC is therefore looking for volunteers for our race organizing committee.

We are looking to create a team of general volunteers to support various aspects of the race organization. Tasks include recruiting various non-technical volunteers (e.g. marshals), organizing food for volunteers and racers, working on race advertising and communication, awards coordination, and liaising with CCY and WCCSC staff.

(The technical aspect of these races will be managed by a crew of specially trained officials and volunteers, such as the chief of competition, chief of timing, chief of stadium. They are not part of this race committee, and are organized separately.)

Are you interested in contributing your skills and supporting WCCSC in organizing race events for our community?
