

## **Nightspeed Race Serie Coordinator**

The Nightspeed race series has been popular for the last 4 years. This is a series of 4 or 5 races with a new race format (sprint, relay, ...) everytime. These races are usually scheduled every 2 or 3 weeks in the evening during the week.

We try to have the races accessible to anyone, from beginner to advanced skiers and want to keep the race course around the chalet to keep organization simple and race time short.
