

## **New member Welcoming Tour Guide**

The Whitehorse Cross Country Ski is a big organization and new members can sometimes be intimidated by how to use the Chalet and the trails.

For that reason, we will be offering every week from the month of December and January a tour of the facility for members.

We will be talking about the Chalet and its services, the trails, the trails etiquette, the huts, the dog policy and more...

No skiing will be included in this tour but we could line up a Ski tour with another guide just after.
